COMPANY PROFILE

Darekaou(Changzhou) Decorative Materials Co., Ltd. was established in 2005. It is a company that integrates the design, research, development, and sales of global new eco-friendly decoration materials. The products include laminate flooring, SPC flooring, new materials for floors, wall panels, and other new materials for walls. Darekaou has been committed to exploring international markets, and its products are popular in more than 30 countries and regions including Europe, North America, South east Asia, the Middle East, South America, and Africa. In 2019, it established a branch in the United States and has sales outlets worldwide. Its products have been favored by numerous commercial partners and households globally. With a focus on quality and innovation, Darekaou aims to become a practitioner of global healthy building materials, providing customer-oriented, convenient, beneficial, and advantageous solutions.

	2500*430*0.6mm		

BAMBOO FENCE

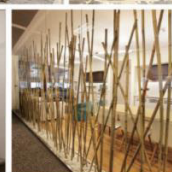

BAMBOO MAT

BAMBOO POLE

Our Bamboo Poles are Moso Bamboo and have a beautiful yellow brown color, pronounced nodes and a very smooth texture. You can use the larger bamboo poles for accent pieces or build with it. Looks great when used with palm thatching. The smaller bamboo poles can be used as molding or attached to just about any surface. Create a whole wall of bamboo poles or build your own tiki bar. These are out decorative poles. Our Garden Stakes are moso bamboo, and are very strong for their size. Their color is more of golden brown. Primary use is for in your garden, but can be used for other purposes. (We accept custom, we will try my best to meet your require.)

BAMBOO WALLPAPER

Bamboo strips width: with 4mm/5mm/7mm/12mm/17mm width (horizontal lamination) fixed on fabric in order to use as wallpaper Decoration

Roll Width: 5m, 10m, 15m

Height: 0.9m, 1m, 1.5m, 2m and 2.5m

Thickness: 2.4mm

Color: Natural or carbonized color or green design

Condition: Pre-finish or unfinished

Packing: PP bag inner packing Knitting outer packing

BAMBOO PALLET

Compared with wood pallet, bamboo pallet have characteristics of impact resistance, corrosion resistance, acid and alkali resistance, non-deformation, and long cycle of reuse and so on. It can be used regularly in the temperature of -50-140 no cracking and no degumming.

Bamboo Pallet is working with the main block/brick machine as the carrier of the green blocks/brick in brick plant.
